

# Hazmat Emergency Pre-Planning Regional Workshop

**What:** Workshop with Permian Basin community officials about

- Hazmat transport in the region
- Top hazards and vulnerabilities
- Community protective actions
- Capabilities, resources, timing
- Mutual aid

**When:** Thursday, June 06, 2024, 0900-1500

*Lunch is sponsored by the Permian Basin Regional Fire Training Institute*

**Advanced registration required:** see link, contact information or QR code below

**Where:** Oxy Century Plaza, 1600 Gehrig Drive, Midland, TX 79706

**Who should attend:** Leaders and senior staff from

- Fire/EMS, LEOs, Dispatch
- Emergency Management
- Health and Hospitals
- Public Works & Transportation
- School Districts and Higher Education
- Elected Officials (judges & commissioners, city mayors & managers)

**Why:** A train derailment with a hazmat release impacts the whole community and involves many agencies and departments – *not just fire departments and hazmat teams*. Attendees will gain information about transportation hazards, evacuation and shelter-in-place decision-making, and develop information to improve planning and mutual aid. Electronic workshop materials and printed worksheets will be provided.
